THE NEW YORK FORWARD PROGRAM

The NY Forward program was created in 2022 to invigorate and enliven downtowns in New York's smaller and rural communities - the type of downtowns found in communities like yours - the Town/Village of Westfield! The NY Forward program builds on the success of the Downtown Revitalization Initiative (DRI) by adopting the same "Plan-then-Act" strategy as the DRI. It is anticipated to be available for 2023 and we need your help to start planning!

GOALS OF THE PROGRAM INCLUDE:

-  Create an active downtown with a strong sense of place.
-  Attract new businesses that create a robust mix of shopping, entertainment, and service options for residents and visitors, and that provide job opportunities for a variety of skills and salaries.
-  Enhance public spaces for arts and cultural events that serve the existing members of the community but also draw in visitors from around the region.
-  Build a diverse population, with residents and workers supported by complementary diverse housing and employment opportunities.
-  Grow the local property tax base.
-  Provide amenities that support and enhance downtown living and quality of life.
-  Reduce greenhouse gas emissions and support investments that are more resilient to future climate change impacts.
